

# **Stoke Holy Cross Parish Council Community Emergency Plan**

**Plan last updated: 21/10/2021**

**If you are in immediate danger, call 999**

## Stoke Holy Cross Community Emergency Plan

Severe weather, power failure, loss of water or gas supplies, flooding and pandemics such as flu can affect a community. Depending on the scale of the event it can be some time before outside help arrives.

This Community Emergency Plan (CEP) combines local knowledge and forward planning with the aim to:

- Help the community to help itself before outside assistance arrives
- Help the community work effectively with the emergency services

### Aims and objectives

The aim of this plan is to enhance community resilience. The objectives are to:

- Identify potential risks to health and wellbeing within the community
- Identify resources and key contacts in the community
- Identify vulnerable people and areas within the community

### Emergency co-ordinators and their responsibilities

The main responsibilities of the emergency co-ordinators are to:

- Complete and maintain the Community Emergency Plan (this plan)
- Convene community meetings during an emergency
- Provide a focal point for the community response to an emergency
- Provide a link between the community and the response from other agencies, which may include the emergency services and the local council
- Assist the local council and appropriate agencies in emergency preparedness through awareness-raising activities
- Plan and introduce measures which will help to reduce the likelihood of emergencies and mitigate their potential effect

<b>EMERGENCY CO-ORDINATORS</b>		
	Chair of the Parish Council	
	Chair of the Playing Field Committee	
	Chair of the Traffic Working Group	

Local emergencies could arise as a result of any of the following:

- Severe weather – snow, ice, gales, heatwave
- Total or partial loss of gas, electricity and water supplies
- Flooding
- Restriction and/or closure of local roads usually as a result of severe weather
- Pandemics including flu
- Chemical damage and/or spillages
- Heart attacks

In order to be prepared for snow and ice, grit bins are to be monitored on a regular basis during the winter months. When supplies are low, the co-ordinator is required to contact the Parish Clerk who will take steps to ensure that the grit bins are filled to capacity.

<b>MONITORING OF GRIT BINS</b>
<b>Location</b>
Between Mangreen & Rail Bridge (East Side)
A140 opposite Stoke Road Junction

<b>FIRST STEPS IN AN EMERGENCY</b>		
	<b>Instructions</b>	<b>Tick</b>
1	Ensure you are not in immediate danger.	
2	Call 999 (unless they have already been alerted) to ensure the emergency services are aware of the emergency. Follow the advice given.	
3	Contact other members of the community that need to be alerted: <ul style="list-style-type: none"> <li>• The Parish Council via the Parish Clerk</li> <li>• Members of the Emergency Group</li> <li>• Those specifically under threat</li> </ul> Contact initially may be to inform them of the emergency or inform them of current emergency advice regarding any action to be taken.	
4	Determine if a Community Emergency meeting is required.	

This document will be updated on a regular basis as necessary and will be reviewed annually.
